

# etvStreamlineSC

## Testimonials

*"Are you familiar with StreamlineSC? It's WONDERFUL! They have a short video clip that you could download about plants. I just downloaded it for my first grade teachers. It's a wonderful way to introduce students to technology in the Media Center. You could turn it into a PowerPoint and the children are sure to be excited about it. You could also tie-in a read aloud if time permits. The site also has black line masters available."*

Melanie L. Dobson, Media Specialist, Allendale Elementary School, **Allendale**

*"I want you to know that Streamline has been wonderful in my eighth grade science and history classes. I use it at least three times a week. Today's students are so visual and so hooked into video. Using the streaming videos enables me to hold their attention and help them make the connections to the content. I'm so grateful that our state recognized the value of this service."*

Vicki Huffstetler, Ewing Middle School, **Cherokee**

*"I am writing from Flowertown Elementary in Dorchester District 2 and wanted to express my gratitude for ETV's programs and recent newsletter. We have incorporated Streamline into our Social Studies, Science and Math lessons this year (04-05) and have found great success. Thank you also for the Detective Bonz series....",*

Cori North, Third Grade Teacher, Flowertown Elementary, **Dorchester 2**

*"Mrs. O'Neal, This e-mail is in reference to unitedstreaming and the major benefit it has had on science instruction in my classroom. I have used it with third grade for Animal Adaptations and it was simply wonderful. The video targeted the standard exactly and the students enjoyed the footage and narration! This is a wonderful asset to classroom instruction and integrates technology perfectly! Thanks for all you do in the efforts of every student and teacher in **Fairfield County!**"*

Sincerely, Shelia Beaver

*"This is the best thing I've seen since chocolate dipped pralines!"*

Billie Wharton, Curriculum Specialist, **Georgetown**

*"I am a teacher at Northside Middle School in Greenwood, SC. I just want to tell you how much I appreciate having this outstanding resource to enhance my lessons. The videos make my lessons come "alive" for my students. Thank you for all that ETV StreamlineSC does for educators."*

Libby Minor, Academic Enrichment Reading Teacher, Northside Middle School, **Greenwood 50**

*"Thank you for bringing StreamlineSC to Greenwood County."*

**Senator John Drummond**

President Pro Tempore Emeritus

*"I think this (StreamlineSC) is the best thing ETV has ever done!"*

Wally Meggs, Director of Technology, **Laurens 55**

*"The service you provide to our schools with video streaming enables our teachers to make learning come alive. Teachers in our district love it."*

Karen C. Woodward, **Superintendent Lexington One**

*"I am a teacher at Northside Middle School in Greenwood, SC. I just want to tell you how much I appreciate having this outstanding resource to enhance my lessons. The videos make my lessons come "alive" for my students. Thank you for all that ETV StreamlineSC does for educators."*

Libby Minor, Academic Enrichment Reading Teacher, Northside Middle School, **Lexington Two**

*"I love Streamline! I check it at least once a week depending on what I am teaching. I have found it most useful in SC history. I LOVE IT and so do the kids! Thanks!"*

Jessie J Thaxton, Satchel Ford Elementary, **Richland One**

*"I just wanted to tell you how much I enjoyed the workshop and how fortunate we are to have etvStreamlineSC as a resource. I was so impressed with it and have been playing with it each day trying to really get familiar with it and what it has to offer. I am looking forward to using it. Thanks."*

Carolyn Raper, Library Media Specialist, Finley Road Elementary School, **Rock Hill** (May '05)

*"I am a technology coach for **Sumter District 2**. It is my job to provide teachers with the current technological tools that can enhance teaching and learning in the classroom. We have been highlighting StreamlineSC in all of our schools. Teachers have been very receptive to the use of Streamline video in their classrooms. It takes students to places they can only read about in books and brings to life history of years past. We feel fortunate South Carolina has provided this excellent vehicle for learning to every single school in the Palmetto State."*

*"Thanks again for the great training sessions....A kindergarten teacher used the book Chrysanthemum and her 2 ESOL students who speak no English listened to it in Spanish via something she downloaded from StreamlineSC. She was so excited."*

Hilary Mullins, Media Specialist, Cotton Belt Elementary, **York**

*"This program is awesome! The persons who put it together did a great thing for education! It's the best invention for teaching!!!"*

Jane Gilfillan, York Jr. High School, **York**

*"Wow...what an amazing resource! I can't wait to get started...We're attempting (I say it thusly because my daughter is loathe to finish any part of her ancient history studies) to wrap up Mesopotamia and I just found a great little film that we'll love. I swear, I have a seven year old cultural anthropologist on my hands. Thank you so much for all this incredible information! ...Oh my goodness. After browsing all the videos on Ancient Egypt, I'm afraid my daughter may never see the light of day again. Thanks, once more."*

Julie, **Home Schooler**
