

ETV Technology Workshop **March 29, 30 and 31, 2011**

ITV Recertification

Recertification: 1 Hour or 20 Renewal Credits

Cost: \$50.00 per participant

Dates: March 29 – May 9 (6 weeks)

*** Registration to receive one hour of course credit will be held in the lobby during each day of the workshop. (Check or cash only)**

The ***ETV Technology Workshop*** course is an interactive training course designed to help teachers utilize the StreamlineSC library of K-12 digital media resources and other web related resources. Participants in this course will learn from experts in the field of technology and gain a greater understanding of the new media resources available to them. Hands-on learning experiences will provide teachers with useful ideas and resources for creating lesson plans and using instructional materials right away.

Course Requirements

Participants are required to:

I.

A. Attend three different workshop sessions (one day) at the Teacher Technology Workshop at ETV and complete a lesson plan from each session attended. **Also** view three Professional Development sessions (info given at registration) and complete the homework assignment from each session viewed.

OR

B. Attend six different workshop sessions (two days) at the Teacher Technology Workshop at ETV and complete a lesson plan from each of the sessions attended.

II. Email all **six homework assignments** to Bonnie McMurray at mcmurray@scetv.org. All assignments must be completed by May 9.

III. Complete a short survey after attending workshop.
