Pre-Conference Workshops

Lesson Development and Curriculum Integration Workshop hosted by SMART Technologies

We have heard your requests and are offering a pre-conference full-day lesson creation workshop hosted by SMART's Education Consultant, Shayla Rexrode. This will be an action packed day focused on utilizing SMART's title and page templates, exploring the various interactive files offered in the Notebook Gallery and integrating multi-media files and resources that make any lesson engaging for your students. You might even learn a few new tricks that make learning fun and teaching a blast! You are encouraged to bring your own resources (i.e. planning guides, manuals, Streamline videos) that can be used to help guide the development of your lesson. The day will be a blend of guided instruction and hands-on time to create.

Equipment to bring: You are encouraged to bring your own laptops with the updated version of Notebook 10.7 and any materials they might need to create a lesson (ex, planning guides, textbooks, online resources). ETV will have laptops available for those that need them.

Audience: intermediate to advanced Notebook users

Presenter: **Shayla Rexrode**, Manager Education Solutions, SMART Technologies

Room: BOA – TCC Building

Monday, July 25, 9:00-4:00 (1 hour lunch on your own)

Promethean Basics and Beyond

This workshop will explore the basics of Promethean's ActivInspire Software and the free resources available on Promethean Planet. There will be opportunities for Q&A, hands-on practice, and flipchart creation. Participants will walk away with the skills needed to create engaging flipcharts that are sure to enhance instruction and excite students!

Equipment to bring: You are encouraged to bring your own laptops with the updated version of ActivInspire and any materials they might need to create a lesson (ex, planning guides, textbooks, online resources). ETV will have laptops available for those that need them.

Audience: Promethean users

Presenter: **Kathryn Vaughn**, Teaching and Learning Consultant, Promethean, Inc.

Room: DL1 – TCC Building

Monday, July 25, 9:00-4:00 (1 hour lunch on your own)
