Session 3 2:00-3:30	Glogster	Ways to Integrate Streamline SC	Publishing to the World	Building and Publishing Digital Books	ActivInspire's Top 10 List	Google Docs & Apps	DISCUS

Session 1 – 9:00-10:30

Lights, Camera, Green Screen, Action!

Learn how to use green screen techniques to create a video where your students are magically inserted into another world. Green screen is the same technique used by weather reporters to impose the reporter on the maps and forecast screens you see on your TV. Imagine creating a video where your students are floating in space while they tell facts about the planets or walking through the rainforest while providing facts about the flora and fauna. Your students could even be immersed as characters in a story with scenery that they drew themselves. Participants will learn about low cost equipment and software needed to create a green screen movie and will be guided through the steps of filming and editing a green screen movie.

Audience: All

Presenter: Karen Ogen, Technology Integration Specialist, Nursery Road Elementary, Lexington/Richland 5

Room: BOA – TCC Building

ToonDoo and Kerpoof

ToonDoo and Kerpoof are two fantastic websites for cultivating creativity and encouraging writing in your class. This session will address not only how to use these sites, but how to use them effectively within your class. Whether you work with kindergartners or seniors you will find two great sites that you can start using as soon as school starts back up for the fall!

Audience: ALL

Presenter: Ryan Novak, Integration Technology Specialist, Irmo Elementary / Oak Pointe Elementary, Lexington/Richland 5

Room: PMSC – TCC Building

Movie Maker

Windows Movie Maker is free editing software that is already preloaded on most computers. In this workshop you'll learn how to edit StreamlineSC video clips, including importing video and pictures, adding special effects, text and music.

Audience: All

Presenter: Warren Wise, Education Associate, ITV, SC State Department of Education

Room: DL5 – TCC Building

Knowitall.org – Not Just Fun and Games

Knowitall.org is ETV's free, Web-based multimedia portal featuring a collection of 48 interactive sites for K-12 teachers, parents, and students covering the arts, math, science, language arts and more. You'll find award-winning animated games and simulations, virtual field trips, research resources, writing activities, close-up investigations of the environment and much more! This session will introduce you to this valuable educational tool that can enhance learning by allowing children to interact with quality, standards-based information and content. Come take a fun, in-depth tour and become a certified Knowitall!

Audience: All

Presenter: Brack Clemons, Technology Instructor, ETV

Room: Content Conference – TCC Building

Kicking it Up a Notch: Using Containers and Actions in ActivInspire

Utilizing advanced features of the ActivSoftware allows educators to let their lessons explode into a vibrant, multifaceted learning environment that provides opportunities for student engagement. This session will explore some of those advanced features, specifically the use of containers and actions. Attendees will learn how to use these techniques to kick their lessons up a notch!

Audience: All

Presenter: Leo Gallant, Senior Solution Specialist, CSI Technology Outfitters

Room: DL1 – TCC Building

Introduction to Google Earth for Educators

Participants will learn how to navigate through Google Earth, and how to create simple placemarks and tours using built-in tools. Participants will also learn how to share projects, find resources, as well as learn about strategies and ideas for using Google Earth in the classroom.

Audience: All

Presenter: Tom Taylor, Director of Technology, Spartanburg 5

Room: CE Conference – Admin Building

75 Cool Websites in 75 Minutes

These days there are innumerable websites and Web 2.0 tools that can be used for educational application. But who has the time to find them, research what they do and evaluate their usefulness. Come to this cyber speed session and walk away with a list of 75 websites that support the needs of teachers and administrators.

Audience: All

Presenter: Michelle Flamos, Education Associate, ITV, SC State Department of Education

Room: Ed Tech Conference – Admin Building

General Session & Lunch – 10:45-12:00

In Murray Studio

Join us for ETV's K-12 Educational Media Teacher of the Year Award Presentation.

Lunch Provided by Discovery Education – Roly Poly lunches.

Dr. Zais Speaking.

Session 2 – 12:15-1:45

How to teach with your Smartboard when you're not even there!

No more busy work when you have to be out of the classroom! Use your recorder tool on your Smartboard to teach and review content. Your students will be amazed and ask to watch your lesson more than once! You can also link this content to your class website for parents to watch at home. Also other fun ways to record information to help keep your students engaged and on task.

Audience: All

Presenter: Jakki Vink Wiseman, 5th Grade Math and Science Teacher, Team Leader; Doby's Mill Elementary; Kershaw County
Room: BOA – TCC Building

StreamlineSC Builders

Learn how to create web-based quizzes, writing prompts and assignments using StreamlineSC's Quiz Builder, Writing Prompt Builder, and Assignment Builder. ***You must have a Streamline account and be familiar with basic Streamline features to take this class.***

Audience: All

Presenter: Brack Clemons, Technology Instructor, ETV
Room: PMSC – TCC Building

What's your story?

Digital Storytelling can transform your students' writing into a visual masterpiece that is filled with voice and emotion. This session will share with participants how to use moviemaker, imovie, and web 2.0 tools to create digital stories to enhance classroom instruction.

Audience: All

Presenter: LaQuita Denson, Instructional Technology Specialist, Macon State College ETC, Macon, GA
Room: DL5 – TCC Building

Blogging about Streamline Videos and Images with EDMODO

Think of Edmodo as a private •Facebook for you and your students. With Edmodo, teachers can assign Streamline videos for students to view and blog about afterwards. Teachers can also assign work to members of their classes. Students can then submit the work and view their grade. The transmission is fast and paper-less. Edmodo can also be interfaced with iPads and smart phones. We will take an in depth look at how to implement this free, web-based application into your classroom.

Audience: Middle and High School Teachers

Presenter: Angela McCord, 8th Grade Math Teacher, Irmo Middle, Lexington/Richland 5
Room: Content Conference – TCC Building

Let's Focus: Exploring Focusing Techniques in ActivInspire

It is often a challenge to maintain students' attention and to get students to focus on lessons. This session will explore a variety of focusing techniques made possible with Promethean's ActivInspire software. These techniques include using the revealer tool, the spotlight tool, actions, magic boxes, and so much more!

Audience: All

Presenter: Kathryn Vaughn, Teaching and Learning Consultant, Promethean, Inc.

Room: DL1 – TCC Building

Creating Interactive Lessons with Google Earth

Participants will learn how to manage and organize content in Google Earth to create lessons and projects that feature text, audio, images, and video. Strategies for creating and using virtual tours in the classroom will also be presented, as well as ideas for creating and sharing collaborative projects using Google Earth and other Google products such as Google Docs.

Audience: All

Presenters: Tom Taylor, Director of Technology, Spartanburg 5

Room: CE Conference – Admin Building

The Unwritten Research Paper: Projects for Busy Teachers and Bored Students

Often times teachers are too busy to collaborate or listen to your ideas for integrating information literacy into their curriculum or content area. Come learn about alternative type projects that not only will grab your collaborating teachers' attention, but also get you in the door to teach your standards, while at the same time addressing copyright and ethical use of information. Best, these project ideas will save your teacher from the never ending task of reading and grading long research papers.

Audience: All

Presenter: Cathy Nelson, Teacher Librarian – Media Specialist, Dorman High, Spartanburg 6

Room: Education Technology Conference – Admin Building

Session 3 – 2:00-3:30

Forget Blogging, Start Glogging

Learn how to use Glogster EDU, an online application to create interactive posters. Participants will be guided through the process of creating an account with edu.glogster.com and creating a glog. Participants will learn to add text, walls (backgrounds), graphics, images, videos, audio, and links in Glogster EDU to create an informative, multimedia presentation. Learn ways to use Glogster with your students or as a teaching tool.

Audience: All

Presenter: Karen Ogen, Technology Integration Specialist, Nursery Road Elementary, Lexington/Richland 5

Room: BOA – TCC Building

Ways to Integrate StreamlineSC

When it comes to integrating StreamlineSC into your curriculum, the possibilities are unlimited. Get ideas for ways to insert videos into presentations, use the Closed Captioning feature in Streamline, use images to create narrated slide shows, use Movie Maker to edit videos and much more. This is a showcase of what you can do with video, not a “how to”.

Audience: All

Presenter: Debbie Jarrett, Education Technology Instructor, ETV

Room: PMSC – TCC Building

Publishing to the World: Twitter, Tumblr and Other Technologies

This session will offer teachers some cool ways to infuse writing with the excitement of technology, giving students opportunities to create authentic writing they will publish on Tumblr, Twitter, and blog sites. Techniques and websites can be used in classes across the curriculum, but are most appropriate for middle and high school students.

Audience: High School Teachers

Presenter: Robin McCants, Teacher, Ridge View High, Richland 2

Room: DL5 – TCC Building

Building and Publishing Digital Books

Learn how to create, share, publish, and read digital books that engage and support diverse learners according to their individual needs, interests, and skills. You will use the resources—pictures, graphics, songs, sounds, and music—from One Place SC, especially Streamline, to create a digital book for all grade levels and subject areas. You can even have your students create e-books for projects. The digital book will be available for teachers to use with their students for remediation and enrichment.

Audience: All

Presenter: Sandra F. McLendon, Associate Dean, Southern Wesleyan University

Room: Content Conference – TCC Building

ActivInspire's Top 10 List

David Letterman is not the only one with a Top 10 List! We asked around and compiled a list of ActivInspire's top 10 tools that are sure to make flipchart creation easier and lessons more engaging. Whether you are new to ActivInspire or have been using the software for years, you're sure to learn something new!

Audience: All

Presenter: Kathryn Vaughn, Teaching and Learning Consultant, Promethean, Inc.

Room: DL1 – TCC Building

Google Docs & Apps

Google Docs is an excellent alternative to Microsoft Office products, and includes a full-featured word processor, spreadsheet, drawing, and presentation tool. Learn how to use these online tools in the classroom, and how to create and share collaborative projects with your students.

Audience: All

Presenter: Tom Taylor, Director of Technology, Spartanburg 5

Room: CE Conference – Admin Building

Back to School with StudySC and DISCUS: Changes to Know About

The summer months have brought several enhancements to DISCUS – South Carolina's Virtual Library. SmartSearch, the tool for searching multiple DISCUS electronic resources at once, is now even smarter and easier to use. The Gale PowerSearch read-aloud and translation features have been improved and the career e-books provided by DISCUS have a new look and feel. This session will also take a look at StudySC, which provides access to incredible information for students and educators that is specific to South Carolina. You can also take home a free StudySC poster for your classroom!

Audience: All

Presenter: Ruth Thompson, DISCUS Training Coordinator, SC State Library

Room: Education Technology Conference – Admin Building
