Mt. Pleasant, SC

Dianne, a silk-painting artist has been a Feldenkrais® instructor since 1983 and a member of the ETV listening and viewing audience since 1995. She says, “PBS is dedicated to diverse programming, exercising the brain in critical ways...designed to spark imagination regardless of age. Bill Moyers and Charlie Rose introduce me to authors I would not have found on my own. German news and BBC enlarge my world view. *The News Hour* presents experts with differing opinions, and I join in the debate. This is the kind of intellectual stimulation that college once offered. PBS provides the opportunity not to just watch, but to actively learn.

I decided to support the ETV Endowment with a legacy gift because this programming keeps curiosity alive and thriving. It is a gift to our society and our quality of life. I want all of us to have the choice to keep on learning.”
