* The attached Referral Source mailing list is also notified in recruitment for indicated positions

Long Term Recruitment Initiatives **for the Period August 1, 2017 to July 31, 2018**

Please note that this report includes descriptions of the long-term initiatives completed for the period ending July 31, 2018, in order to demonstrate compliance with the initiative requirements of the FCC's rules.

Educational Television Network/ Educational Radio Network (hereafter referred to as ETV/ERN) is served by a Human Resources office and recruiting unit located in the central headquarters in Columbia. Managers in the regional radio and television stations, all of which have less than five employees, are involved in recruitment/employment activities for their individual stations and where appropriate, general recruitment efforts for the agency as a whole. The agency has undertaken the following initiatives to ensure outreach to the community and its diverse constituents:

Internship Programs

- ETV has an ongoing non-paid internship program for students of Universities and Colleges in the state and provides community service opportunities to local high school students. Five students participated during the reporting period.
- ETV has a paid endowment internship each summer; seven college students participated during this reporting period in television or radio departments.

Agency Training to Management Level Personnel on methods of ensuring EEO and Preventing Discrimination

- Nine Senior Managers participated in Myers Briggs (MBTI) this training taught managers to understand and appreciate how and why others are different. The session emphasized the management implications of type and was designed to increase self-understanding, make constructive use of individual differences, and see that approaching problems in different ways can be healthy and productive for an organization.
- In May, 2018, employees were provided a Diversity Training Program. Thirty employees attended the Diversity workshop.

Participation in Events/Job Fairs

- ETV participated in three job fairs, one held at University of South Carolina Job Fair on September 27, 2017, the second was at SC Works Midlands (SCDEW) and the third was at for South Carolina Broadcasters Association (SCBA) held at SC National Guard Armory April 4, 2018.

Participation in community events such as career days, workshops and similar activities

- ETV routinely provides shadowing opportunities for interested grade school students. We had four local students participate.

- Staff represented ETV at seven Career Day/Mentor events throughout the state.
- South Carolina ETV's coverage of the 2017 solar eclipse was carried live as a nationwide broadcast. Over 65% of public television's World channels carried the one-hour telecast live August 21st from 2:30-3:30 p.m. as the eclipse passed above the state before moving over the Atlantic Ocean. A live stream was also available nationwide. Aimee Crouch, Beryl Dakers, and Kevin Jordan headed the project, which was nominated for a regional Emmy.®

Using locations from around the state, including Charleston, the Columbia Fireflies stadium, the South Carolina Botanical Garden at Clemson and live footage from the SC State Museum's telescope, the SCETV coverage was also used that evening in a national PBS program recapping the day's events. Astronaut and SC native Charles Duke also appeared on the program.

Locally, SC Public Radio's "narration" from experts was popular during the live event as people tuned in from cars and boats using broadcast and the SCETV app. The TV program was rebroadcast that night prior to the national NOVA eclipse special at 9:00 p.m.

Other activities that further the goal of increasing ETV and job awareness

- ETV distributes job listings to approximately 51 diverse local and national organizations/websites and an additional two persons via traditional mail and email.
- ETV's central headquarters in Columbia gave 27 tours of the facility to various groups, which also included students from area schools, state and county agencies, churches and community groups. Approximately 600 people to include students, community leaders and senior citizens visited ETV during these tours.
- ETV's Upstate Facility gave two tours to parents and prospective students approximately 40 people total.
- ETV's Carolinas Facility hosted one tour to York Technical College Tele production Technology Department it consisted of prospective students from York Comprehensive.
- ETV's Beaufort Facility gave one tour to Beaufort Art Council summer Camp.
- ETV annually reports minority-hiring statistics to the South Carolina State Human Affairs Commission, and as such, has an Affirmative Action Plan and goals for minority recruitment.
- ETV, in accordance with FCC and State Human Affairs Commission requirements, maintains reportable data on employment activities.
- ETV K-12 Career Education resources have been created to enhance the career guidance and counseling efforts in grades K-12. The resources are provided to assist with career awareness, career exploration, and career preparation of students with the objective of facilitating a successful transition into post-secondary opportunities and the 21st century global workplace. The videos have been culled and vetted by SDE, and revamped to be mobile accessible. This past school year content has been added to help students decide their career path via a technical college or four-year college.

This new collection highlights that content: <https://www.knowitall.org/collections/higher-education>

- Covered positions are posted on the State of SC Agency Website to which ETV's home page is linked.
- ETV advertised a request for community groups to become members of its job opening distribution list and identified the agency as an Equal Opportunity Employer on its television stations 849 times during the period of August 1, 2017 through July 31, 2018. ETV also runs Radio spots daily (365) which define the organization as an equal opportunity employer and request community groups to become members of its job opening distribution list.
