A Letter from the VP

Hey Y'all!

I'm Dr. Frazier and I work at SCETV, one of the coolest places in South Carolina! Do you know why SCETV is so cool? Because we get to do and make really fun things, learn a lot, and hang out with friends like Smart Cat!

Smart Cat is curious, brave, kind, and growing everyday... just like YOU! He makes healthy choices, and he can dance too! Our team created this workbook so that you can get to know yourself and Smart Cat a little better. We also hope that you learn some new things along the way.

Make sure you look out for Smart Cat on your SCETV or PBS Kids Channel! Also, don't forget to ask an adult to sign you up for the Kids Club, so you can get cool prizes and invitations. Your caregiver can also get messages for parents through Bright by Text. We want to stay in touch!

The whole SCETV team hopes that you enjoy completing the workbook. Remember the Smart Cat pledge. There is nothing you can't be...you're a smart kid in SC!

Visit www.scetv.org/scetv-kids-club for more information.

Making Smart Snacks with Smart Cat

Check out the health snack recipes below. Make sure you find a trusted adult to help you and have fun making these health snacks. Don't forget to remember your allergies, if you have them.

A HEALTHY HAPPY FACE

For this recipe, feel free to use whatever fruit and vegetables you would like to make your healthy happy face! Some other fruit and veggies you can use are grapes, oranges, carrots, watermelon, pineapples, strawberries, celery, or anything else you find tasty and healthy! If you need to cut slices, please make sure to get help from a trusted adult.

ANTS ON A LOG

Ants on a Log are an all-time favorite! All you need are some raisins, peanut butter, and celery sticks! Make sure your celery is cut into halves. Spread peanut butter on the top of the celery sticks and sprinkle the top with raisins.

A COLORFUL SALAD

There are so many ways to make a salad! Some people like fruit in their salads. Some people like nuts and meat in their salads. What do you like in yours? For this recipe, put your green vegetables, such as lettuce and spinach in a bowl. Next, grab your favorite toppings and place them in the bowl. Some things you may like in your salad are tomatoes, cucumbers, carrots, olives, cheese, fruit, or lunch meat. Make sure a trusted adult helps you slice your toppings. Lastly, if you like dressing on your salad, add it on top of your toppings. Then, enjoy!
